INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Rocky Mount Directory since 1908), present to subscribers and the general public, this, the 1969 edition of the Rocky Mount City Directory, which also includes Englewood, Meadowbrook Park and Swelton Heights. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Rocky Mount's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Rocky Mount to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with approval of every user, and that the Rocky Mount Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Rocky Mount, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE ROCKY MOUNT RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Community Publicity

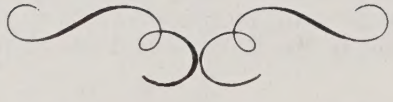

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Rocky Mount and vicinity.

The Rocky Mount Out-of-Town City Directory Library

Through the courtesy of the publishers of the Rocky Mount City Directory, a Directory Library is maintained in the offices of the Rocky Mount Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

ROCKY MOUNT

"THE GATEWAY CITY"

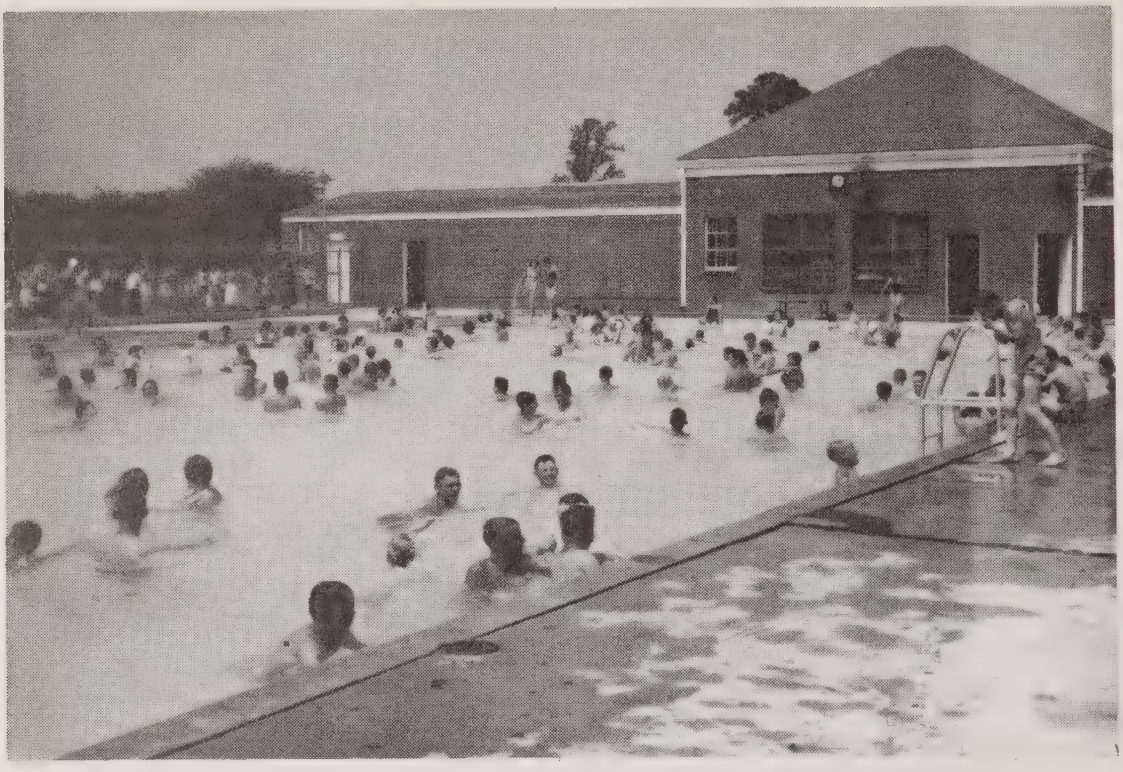

(Courtesy of Rocky Mount Chamber of Commerce)

Rocky Mount is located in northeastern North Carolina, 466 miles south of New York City, 537 miles north of Jacksonville, Florida and 56 miles east of Raleigh, our State Capitol. Our city's location in the heart of North Carolina's beautiful Coastal Plain provides us a mild temperate climate. Mean annual temperature is 60.6 and we have an average of 223 days of sunshine during the year.

Our economy has been in the past primarily based on Agriculture—tobacco, cotton, peanuts and livestock—but we are rapidly becoming an industrial community. We are served by Inter-State 95, U. S. 301, U. S. 64 and State 43, 48 and 97. Eight motor freight carriers maintain terminals in Rocky Mount and six others also provide our city with excellent, intra and inter-state motor freight service. We are served by Carolina Trailways, Seashore Transportation Company and Safety Transit Company bus facilities, which means that modern, air-conditioned buses operate on convenient schedules north, south, east and west and provide charter service to any point. The Seaboard Coast Line Railroad operates its double-track, main line through Rocky Mount providing first-class passenger service to and from major Florida cities and New York; and in addition, operates three branch lines, including direct rail service to the Port of Norfolk, Virginia. Two state port terminals—one at Morehead head City, 110 miles to the southeast and the other at Wilmington, 133 miles south of us—provide port facilities for Rocky Mount products to all parts of the world. Piedmont Air Lines affords Rocky Mount commercial air service, making connections to all major cities, including a non-stop schedule to and from Washington, D. C.

Aerial view of downtown Rocky Mount.

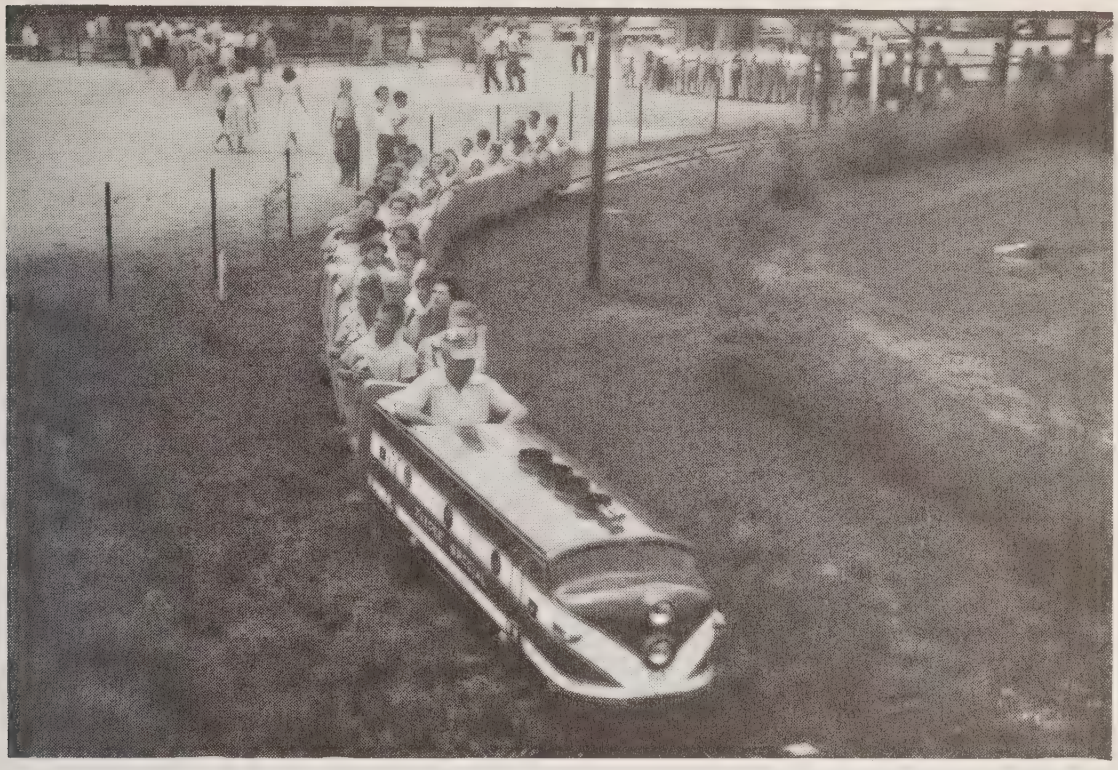

Recreational swimming and instruction at one of city's public pools.

Sports and outdoor recreation are prominent parts of good living in Rocky Mount. The city has developed twenty-one municipal parks and playgrounds comprising 155 acres. In these parks are located 21 tennis courts, numerous picnic areas, swimming pools, miniature golf, children's rides and a unique Children's Museum and Zoo. The city's Recreation Department also maintains supervised games, including softball, baseball, basketball, field days and turkey shoots. The city is the home of the Rocky Mount Leafs, a Class A, minor league, professional baseball team. Golfing facilities in the area are open the year around. We have three public golf courses and two private facilities. The 18-hole Benvenue Country Club golf course is rated by the experts as one of the finest in the country. Eleven species of game fish have been recorded in the Tar River, which flows through Rocky Mount. One of North Carolina's largest shad spawning runs comes up the Tar River in the Spring.

Hundreds of miles of uncluttered strand lure Rocky Mount residents. This beach is typical.

"The Little Train" delights youngsters in Sunset Park recreational area.

Interest in water sports abounds in the Rocky Mount area.

This area has an abundance of stocked fishing ponds, large fishing and boating lakes and located within 120 miles are clean, uncluttered ocean beaches. The Outer Banks, birthplace of Virginia Dare and Kitty Hawk where the Wright Brothers started aviation are 154 miles east of Rocky Mount.

New $3 million enclosed shopping mall in Rocky Mount, Eastern North Carolina's shopping center.

An excellent permanent collection and many special art shows draw thousands of viewers to the Rocky Mount Arts Center.

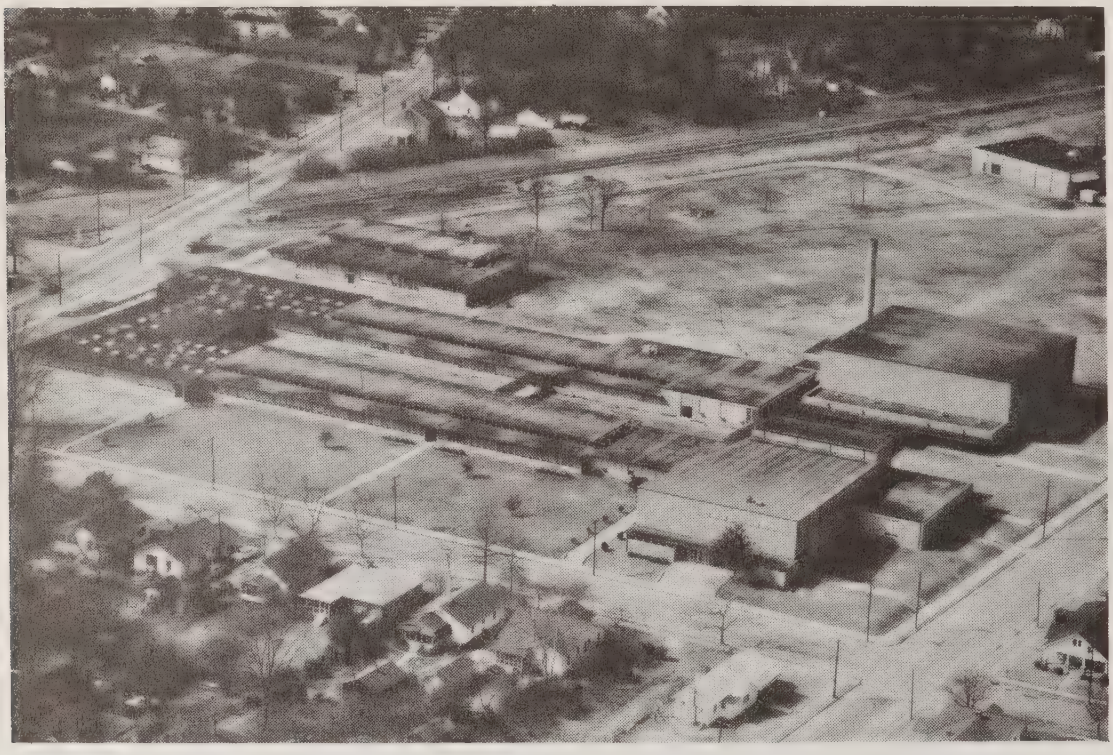

Twenty-six civic clubs do service which benefits the whole community.

Hunters find many kinds of game within a 50 mile radius of the city, including black bear, deer, raccoon, squirrel, fox, opossum, rabbit, otter, beaver, mink, muskrat, quail, dove, wild turkey and wood duck.

North Carolina Wesleyan College, Rocky Mount. Four-year coeducational liberal arts college.

Rocky Mount Senior High School prepares students for college and for vocations, has an outstanding athletic program.

Residents of Rocky Mount have a lively interest in the arts in all their forms. Attendance at the Rocky Mount Arts and Crafts Center soars each year. The Museum has an excellent permanent collection and features about 15 special showings a year, including the annual Outdoor Arts Show each spring which draws thousands of visitors from all over the State.

Classes in Interior Design, Knitting, Folk Guitar, Portrait Painting, Painting for Beginners, Acting Workshop, Crewel, De'coupage, Creative Writing, Ceramics and Flower Arranging are taught at the Center and are attended by all age groups. A Little Theatre group is active in the city.

Rocky Mount's Community Concert Series and North Carolina Symphony concerts are well attended. Hundreds of music lovers from the city also attend the concert series in nearby Raleigh, where last winter they enjoyed performances by the Metropolitan Opera Company, the New York City Ballet and other groups.

Rocky Mount's 70,000 volume public library has circulation of more than 300,000 books yearly, not including the vast numbers of reference and reserve books used in the library. The modern, well-run library is in constant use by citizens of every age and from every walk of life, and receives enthusiastic public support. Sixteen literary clubs meet regularly in the city.

North Carolina Wesleyan, a four-year co-educational accredited liberal arts college is located in Rocky Mount.

The large number of civic clubs and organizations in the city give evidence to the local interest in civic affairs. The 26 civic clubs within the city constantly demonstrate their usefulness with programs of work which benefit the whole community.

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

★

Do your employers furnish you with the latest edition of the City Directory?

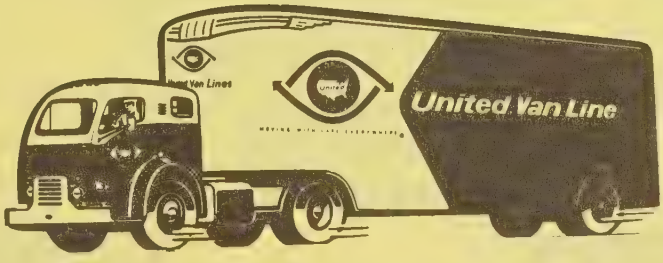

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED** ★

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

VITAL INFORMATION AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is up among regular subscribers.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES
1969

Including Englewood, Meadowbrook Park and Swelton Heights

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance.* If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"BUYERS' GUIDE SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.
